

# Version 2

## Update news

MPanel product development is driven by requests from you, our users. Version 2 update is a perfect example with a major update to the user interface along with many requested new features (read more below).

Please keep the ideas coming—we're always happy to learn new ways our products can help you. Email us at [ideas@mpanel.com](mailto:ideas@mpanel.com) and if we include your idea in a future update you could receive a free Upgrades Subscription (\*)

## New Features

- Powerful new high-res design user interface and output reports
- New efficient ribbon toolbar
- New General Layout Report
- Add walls
- Sail centre connection option
- Undo/Redo
- Snap to grid

**What's New in v 2.0**

## New and Upgraded Tools

- Speed pole - add multiple poles quickly
- Select and change multiple items with one command.
- View settings allows perspective view
- Set your own Visualisation Report view
- Set lighting conditions

---

We trust you will enjoy these new features and that they will benefit your company.

Thank you for your continued support and we again, encourage you to provide feedback and suggestions for improvements.

MPanel Support Team

(\*) to be eligible for a free one year Upgrades Only Subscription your ideas for new features must be the first (in case of duplicate ideas) email received at [ideas@mpanel.com](mailto:ideas@mpanel.com) and be selected for inclusion in a future product update. You will be notified within a week of receiving your email if the new feature will be added to a future update.
